3G1215X-XNX-X-A2 ANTENNA FAMILY
FRPA-Footprint Flush Mounted GPS L1/L2 Antenna

The 3G1215X-XNX-X-A2 product family uses the Global Positioning System (GPS) signal reception in the L1 and L2 frequency bands. These antennas can flush mount on the standard Fixed Reception Pattern Antenna (FRPA) footprint, allowing for easy integration onto new and existing platforms. The rugged enclosure can withstand harsh environmental conditions seen in military, aerospace and industrial applications. The “-A2” version of this antenna family includes an angled side exit connector for improved cable management in some installations.

Antcom can customize this product family to meet your specific requirements. Please contact us for more information about customization options.

**BENEFITS**
- Rugged GPS L1/L2 antenna provides assured position, navigation and timing (PNT)
- Flush mounted for minimal platform protrusion
- Many standard options available, and customizable if required

**FEATURES**
- GPS L1/L2 with M-Code support
- Flush mount FRPA footprint antenna with side-exit connector
- Passive or active (amplified) configurations available
- Active configurations offer 2-stage integrated bandpass filtering with diode limiters
- Connector options available
- Paint color options available

**OPTIONS**

**COLOR**
- Gloss White
- Lusterless Gray
- Camo Green
- Lusterless Black
- Desert Tan

**LNA GAIN**
- With 33 dB LNA
- With 20 dB LNA
- With 40 dB LNA
- Without LNA
